## EXTRUSIÓN

La sección de extrusión de Hidro Rubber Ibérica S.A. cuenta con dos extrusoras de gran capacidad, equipadas con bomba de engranajes y con sistema de vulcanización por baño de sales. Asimismo, podemos ofrecer una gran variedad de acabados a nuestras piezas, como por ejemplo:

- o Siliconado
- o Talcado
- o Cortes en continuo y en frío
- o Bobinados
- o Marcados/pintados
- o Adhesivados

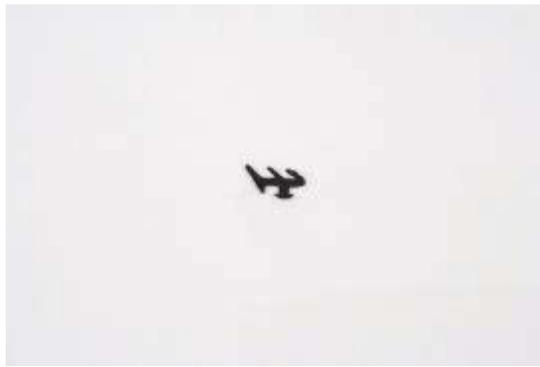

Podemos ofrecer una amplia gama de productos extruídos como; tubos, burlletes, perfiles y cordones en diferentes y exigentes cauchos tanto esponjosos como compactos:

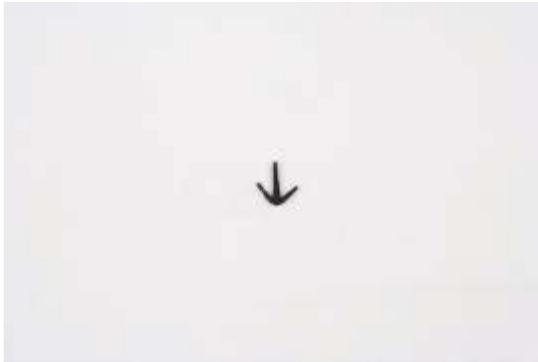

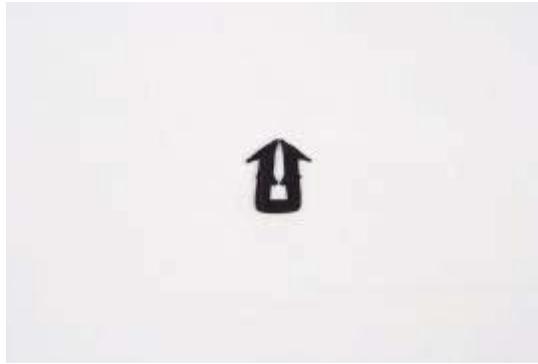

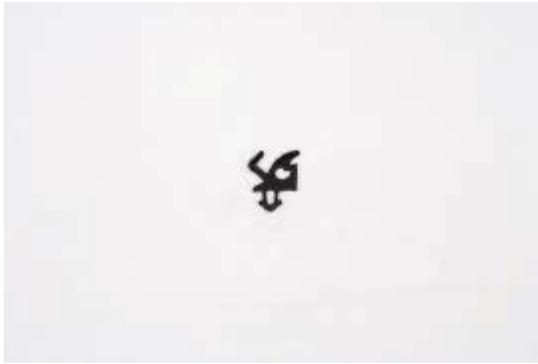

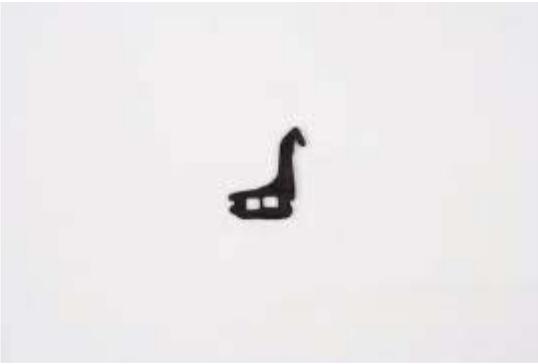

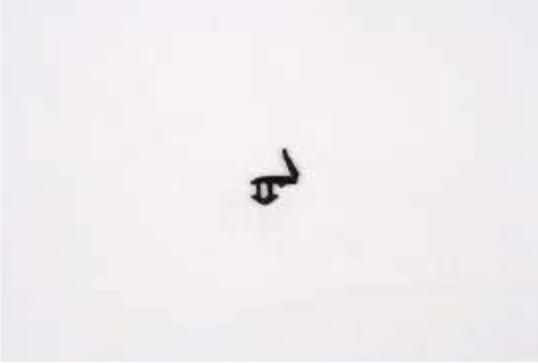

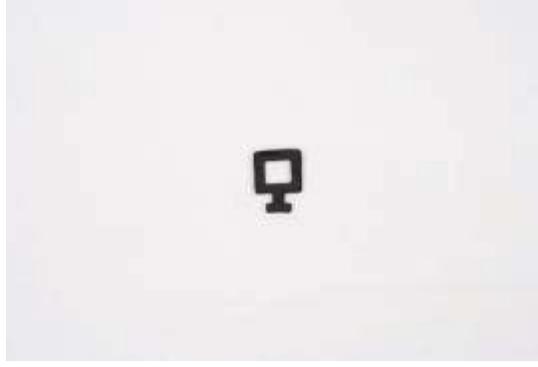

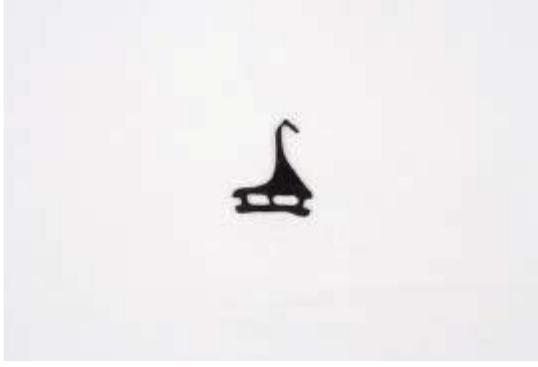

- o EPDM celular y compacto
- o NBR celular y compacto
- o Cloropreno celular y compacto
- o Silicona

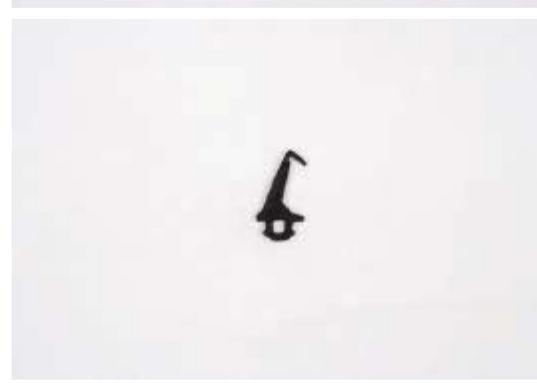

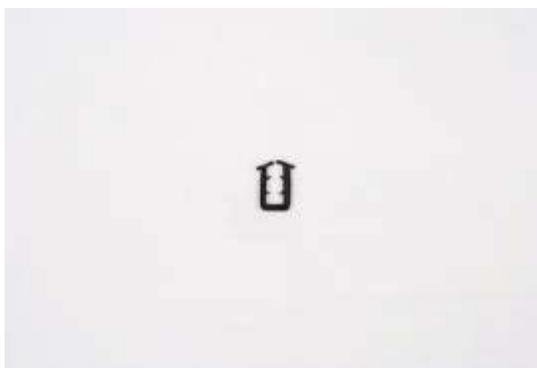

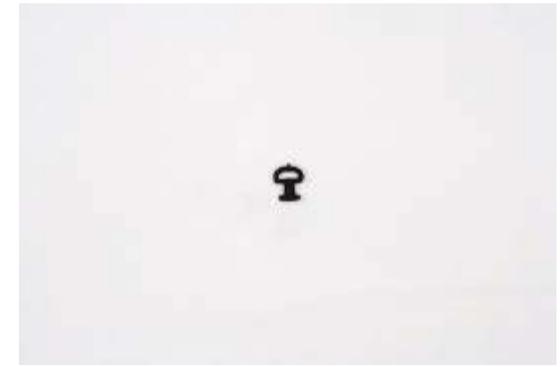

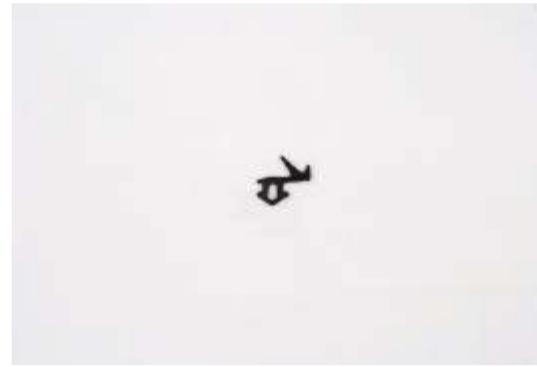

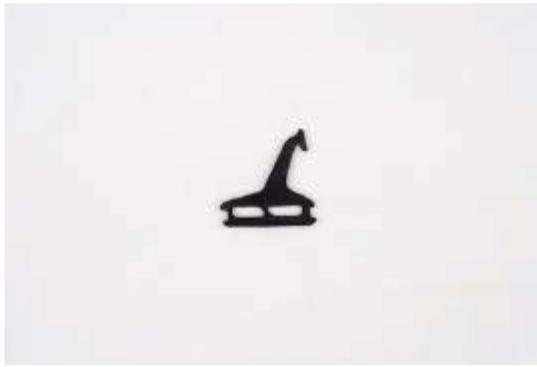

## CALIDAD

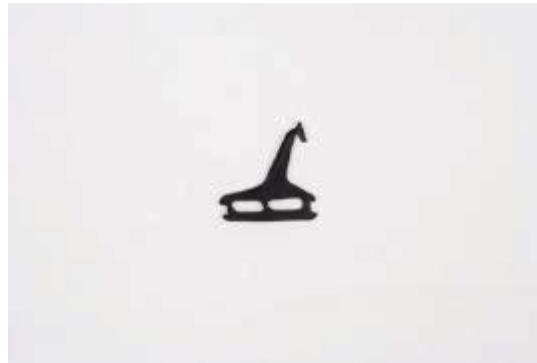

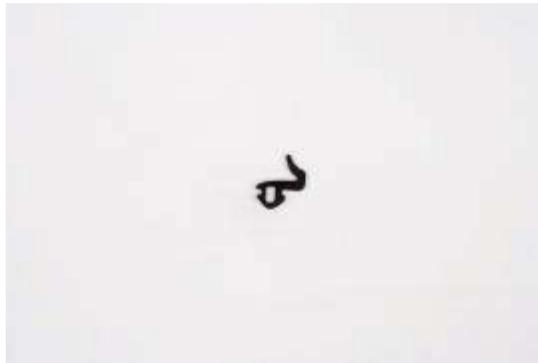

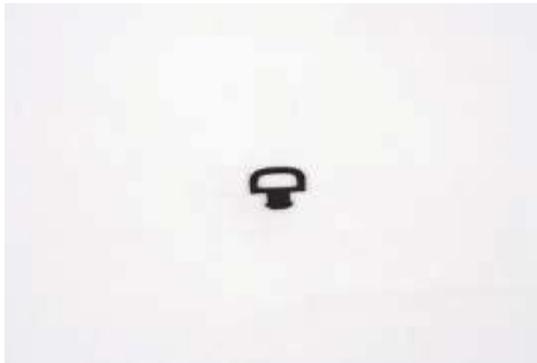

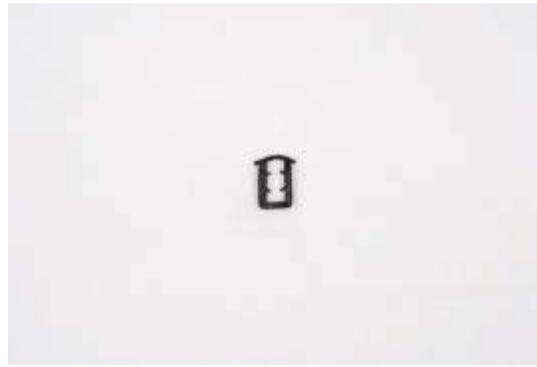

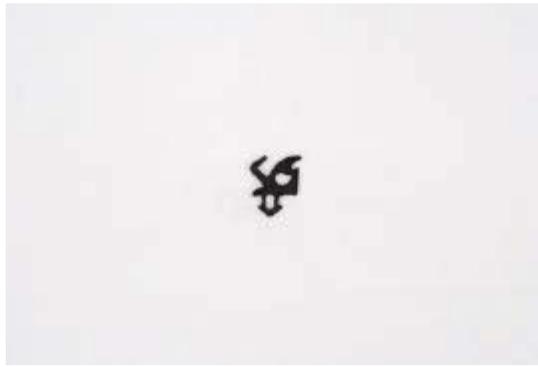

Hidro Rubber Ibérica S.A. tiene un gran compromiso con la calidad de los productos que fabrica. Entendemos que nuestra continuidad en el mercado depende del grado de calidad que ofrezcamos a nuestros clientes. Este compromiso nos ha llevado a que desde hace años tengamos las certificaciones ISO 9001:2000, ISO TS 16949 e ISO 14.001.
